Murphy's Dependable California Grown Flower Seeds

You Can Get Seeds From California's Best!

Fresh from the flower fields of California, where thousands of acres are grown for seeds alone. You can get seeds that are chosen from the best. Being in constant touch with growers enables us to watch productions from seeds we supply from year to year, giving us first hand knowledge to utilize in our further selections of varieties and types.

The superior quality of California-grown flower seeds is acknowledged so widely that seeds from these fields encircle the globe. It is the continuous care with which Murphy Seeds are selected that brings our customers, who prefer the best, back to us year after year.

PRICES on many other fine varieties will be quoted on request. Our aim is not to sell the cheapest but the most dependable in quality—to stock everything that will help you produce the flowers that sell best in the market.

MURPHY SEED CO. gives no warranty, express or implied, as to description, quality, productiveness or any other matter of any seeds or bulbs they may send out and they will be in no way responsible for the crop. Purity and germination given for information only and without guarantee. Prices subject to change without notice.

TERMS:

To customers who have established credit accounts with us: 2%, 10 days; net, 30 days.

Your Flower Profits

Your average profit for the year depends on good seeds rightly priced to begin with—brought to fruition by proper care and favorable growing conditions. Seeds can't do it all; but the best of care and climate cannot bring crops without good seeds.

You are offered this chance to get the best we can procure in California, where the world's best flower growers buy seeds.

Get your orders in early before the varieties you choose are all sold.

Get Rid of Ants the modern way. See back cover of this book. Real opportunity for dealer or grower.

MURPHY'S RED-CAP

ANT STAKE

For the control
of Argentine
and other
sweets-eating
ants.

Now you can
Control ANTS
the modern
way

More Profits For You—

Here is another profit opportunity for you. You will find many of your customers anxious to combat ants the modern way, with protection to children, animals and fowl; while ants are enticed to carry poison jelly to nests of parent groups and entire colonies.

Poison-sealed

Ready-filled

Easy-to-use

Attractive Display Packages Help You Make Sales

Red and Black—the die-cut illustrated cover of box stands up-right, when folded, making an attention-getting display card for counter or window. Window Displays are easy with these bright boxes of red and black bakelite stakes.

BE THE FIRST in your district to offer the poison-sealed modern method of ant-control.
